ON-TOP PRO ON-TOP PRO 2

Innovative, discreet and stylish fly traps; these unique overhead designs fit discreetly and easily into new or existing suspended-ceilings.

Ideal for convenience stores, supermarkets and areas where space limitations may have previously made situating a standard unit difficult. The patented design avoids the possibility of fly fall-out and will efficiently control infestations in public spaces.

The ON-TOP PRO 2 features a pivotable curved stainless steel front holding a standard PestWest sticky board, whilst the ON-TOP PRO matches the tile pattern of ceilings with its square cover holding two sticky boards.
